# How Much Does The Participant Pay ?

---

- The applicant will pay approximately 30% of their monthly adjusted income, the housing authority pays the remainder. There is no time limit for participation - only income limits.
- The goal is to have participants become self sufficient and exit the program.
- The Housing Authority receives approximately \$ 550,000 monthly from the Federal Government (no city or state funds) to support these programs. We are currently assisting approximately 60% of the maximum number of families due to the rising rents.
- Public Facility Corporation developments have brought 2,425 affordable units to the City of Plano. In accordance with State law private developers receive a property tax abatement in exchange for limiting the rents of at least 51% of their units to tenants who make no more than 80% of the Median income. These units are scattered among 13 different developments in Plano. There is one additional development in Lewisville.
